A5025

- Cynydd mewn defnydd o'r lon yn barod
- Contractwyr a gweithwyr lleol o ochr gogledd/ddwyrain yr ynys
- Rhesymau diogelwch ac economaidd
- Cyswllt a safle Rhosgoch

- Adnoddau ochr yma i'r ynys i weithwyr (parcio a bysiau)

Mae angen rhoi pwysau ar Horizon i sicrhau bod unrhyw arian a gynigwyd yn dod i ogledd ddwyrain yr ynys ac nid i gronfa canolog. Mae'r angen am ddatblygiad yma – y pum prosiect uchod yn ogystal a nifer o brosiectau eraill ym mhob cymuned e.e. Mynwent y Rhyd

It was confirmed that the meeting next week would take place at the Library, Cemaes at 6.30pm and not at the Wylfa site.

The purpose of the meeting was explained, and all present thanked for making the effort to attend. It was agreed to look at a number of strategic projects that would benefit the entire region to discuss with Horizon's senior officers. There will be an opportunity again to discuss smaller projects that are of concern to specific communities.

Following a lengthy discussion and questions it was agreed on the following schemes

A5025

- *Increase seen in road use already*
- *Contractors and employees from the north/east of the island*
- *Safety and economic reasons*
- *Link to the Rhosgoch site*

Rhosgoch Site Development

- *Facilities at this end of the island (parking, busses)*
- *Accommodation facilities for employees/contractors*
- *Different work opportunities for local people (maintenance); keeping young people on Anglesey*
- *Holiday facilities once Horizon have finished building*
- *Tourism area – do not want to kill the industry by having contractors using the hotels etc for years whilst building the station.*

Amlwch Leisure Centre

- *Develop energy efficiency to reduce running costs and thus be able to develop facilities for local people and contractors.*
- *The centre is by people of all ages throughout the community.*

Ysgol Syr Thomas Jones School

- *Children and young people from the region go to/have attended the school*
- *The building requires refurbishment/upgrading*
- *Develop facilities to educate and train young people to be able to apply for and secure employment at Wylfa Newydd.*
- *Number of pupils will increase dramatically when building work commences.*

Catchment Area Primary Schools

- *Number of pupils will increase dramatically when building work commences.*
- *Need to expand resources especially science and IT*
- *Training programme for staff and resources for each school (7)?*
- *Possible secondment to go to each school developing IT and science*

It was also noted that there were concerns regarding the additional pressure that will be put on services e.g. health, hospitals, police, fire service etc. and it was hoped that discussions were taking place with the relevant bodies to reduce the stress.

There is a need to put pressure on Horizon to ensure that any funding allocated is spent on the north east of the island and does not go into a centralised fund. The need for development is here – these five projects above as well as a number of smaller schemes in each community e.g. Y Rhyd Cemetery.

Concerns were noted that the County Council are consulting with Horizon on planning applications in the Tregle area, noting that the company is not a statutory consultee.

It was proposed that the six community councils meet with the County Councillors, County Council Leader and Chief Executive, Assembly Member and Member of Parliament as soon as possible following the meeting with Horizon's senior officers.

Bu'r cyfarfod orffen am 21.00 / The meeting closed at 21.00.
